Dear Mr. Hands:

**NOVA GAS TRANSMISSION LTD. (NGTL)
TOLLS, TARIFF & PROCEDURES COMMITTEE (TTP)
RESOLUTION T2000-01(b) – BUSINESS PROCESS CHANGE: FLOW ORDERS**

The above noted resolution, attached to your letter dated April 12, 2001, relating to the use of Flow Orders on the TransCanada Alberta System is accepted as a filing for information.

The resolution confirmed that the TTP supports the use of Flow Orders to facilitate the administration of short-term operational outages. NGTL submitted that Flow Orders would allow TransCanada to override existing nominations for the duration of an outage, and noted the circumstances whereby Flow Orders would be used. It is understood that Resolution T2000-01(b) was supported by the TTP at its April 10, 2001 meeting.

NGTL is directed to distribute the filing, including the resolution, and this letter to its customers. The EUB's letter has been provided in electronic format to facilitate the distribution to customers.

Yours truly,
