Dear Mr. Toews:

**NOVA GAS TRANSMISSION LTD. (NGTL)
TOLLS, TARIFF & PROCEDURES COMMITTEE (TTP)
RESOLUTION T98-02(d)
SUPPLY/DEMAND BALANCING PILOT PROCEDURE MODIFICATIONS**

The above noted resolution, attached to your letter dated October 10, 2002, relating to the continuation of the Supply/Demand Balancing Pilot Procedure (the Procedure), is accepted as a filing for information.

The resolution confirms that the Procedure, previously supported in Resolution T98-02(c) and scheduled to end October 31, 2002, will continue while NGTL drafts amendments to Appendix D of the NGTL Tariff in order to align with the revised Supply/Demand Balancing Procedures. The EUB notes that the Tariff amendments will be reviewed via the TTP process and the TTP Tariff Task Force. The EUB also notes that NGTL commits to provide annual reporting on the effectiveness of the Procedures.

It is understood that Resolution T98-02(d) was unopposed by the TTP at its October 8, 2002, meeting.

NGTL is directed to distribute the filing, including the resolution, and this letter to its customers. The EUB's letter has been provided in electronic format to facilitate the distribution to customers.

Yours truly,
