 2004 General Rate Application – Phase 1 (GRA)
 Outstanding Responses to Intervener Information Requests

NGTL filed its responses to parties' information requests on December 11, 2003. NGTL stated in its response to information request CAPP-NGTL-05(c) that it would complete and provide requested "with Alaska" and "high case" supply scenarios at a future date. NGTL provided the "with Alaska" scenario as part of its February 2004 Update, filed on February 13, 2004. NGTL has now completed and attaches to this letter revised responses to CAPP-NGTL-05(c) and (d) which include the "high case" scenario. NGTL has for ease of reference blacklined its amendments to the narrative portions of these responses.

NGTL has preassigned Exhibit No. 02-14 to this letter and Exhibit Nos. 02-14(a) and 02-14(b) to the attached revised responses to information requests CAPP-NGTL-05(c) and (d).

Yours truly,

NOVA Gas Transmission Ltd.
a wholly owned subsidiary of TransCanada PipeLines Limited
