Dear Mr. Hands:

**NOVA GAS TRANSMISSION LTD. (NGTL)
TOLLS, TARIFF & PROCEDURES COMMITTEE (TTP)
RESOLUTION T98-02(a)
– SUPPLY/DEMAND BALANCING PILOT PROCEDURE MODIFICATIONS**

The above noted resolution, attached to your letter dated March 1, 2001, relating to amendments to the Supply/Demand Balancing Pilot Procedure is accepted as a filing for information.

The resolution outlined certain amendments required to facilitate responsiveness, to provide fairness and consistency to the Pilot Procedures, and to ensure compliance to the Daily Supply/Demand Balancing Pilot. The amendments were scheduled to come into effect April 1, 2001, however the EUB notes that the actual implementation date has been deferred. It is understood that Resolution T98-02(a) was supported by the TTP at its February 13, 2001 meeting. It is also noted that TTP support of the resolution did not necessarily imply support for the current Supply/Demand Balancing Pilot Procedures.

NGTL is directed to distribute the filing, including the resolution, and this letter to its customers. The EUB's letter has been provided in electronic format to facilitate the distribution to customers.

Yours truly,
