Dear Ms. Bélanger:

**APPLICATION NO. 1391955**  
**NOVA GAS TRANSMISSION LTD. (NGTL)**  
**TOLLS, TARIFF, FACILITIES AND PROCEDURES COMMITTEE (TTFP)**  
**RESOLUTION T2002-06 – CONTRACT CONVERSION TO ENERGY**

NGTL's letter dated March 17, 2005, is accepted as a filing for information. It is noted that the TTFP was unable to reach consensus on Resolution T2002-06 in respect of the conversion of volume contracts to energy contracts at export delivery points on the Alberta System. The Board also notes NGTL's submission that their current intention is to apply for the conversion of volume contracts to energy contracts as part of its 2005 General Rate Application – Phase 2.

The EUB further notes NGTL's submission that issue T2002-06 was adopted by the Tolls, Tariff and Procedures Committee (TTP), predecessor to the TTFP on November 13, 2002 and was placed in abeyance in June 2003 until September 2004. As Issue T2002-06 was adopted prior to the issuance of Board Informational Letter IL 98-4 Revised Negotiated Settlement Guidelines (*Revised Guidelines*) and the Board's letter dated August 28, 2003 regarding the application of the *Revised Guidelines* to NGTL, NGTL did not seek Board approval to negotiate.

It is understood that NGTL has provided notice of this resolution to its shippers and to members of the TTFP via the TransCanada Alberta System website. NGTL is directed to advise shippers and the TTFP of this letter in similar fashion.

Yours truly,
